Côte St. Luc Councillor Steven Erdelyi will be holding a District 4 meeting 7 p.m. Wednesday, Aug. 16 at the Le Waldorf seniors residence, 7400 Côte St. Luc Road.

Erdelyi and Councillor Mike Cohen hold district meetings on a regular basis to discuss general Côte St. Luc issues and matters specific to the district. The last meeting held by Cohen focused on the long-awaited Cavendish Blvd. extension between Côte St. Luc and St. Laurent, and had traffic expert Rick Leckner as a special guest.

Erdelyi said he will be updating his constituents on what is new in Côte St. Luc, and will also be discussing a new nature path and dog run.

"This is the eighth District 4 meeting I have organized," stated Erdelyi, who is also responsible for the finance portfolio on council. "Based on comments and feedback at previous district meetings, the city made improvements to parks, signage, added traffic calming measures and was able to prepare plans for the new nature path/dog run. If you have a suggestion for how to improve your neighbourhood, this is a great way to share it and make a difference."

According to a city statement, "District 4 includes the southwest corner of Côte St. Luc Road bordered by Westluxe Ave. (to the west), Magnolia Rd and Westover Rd. (to the south), Small Rd. and Tyme Rd. (to the east) and Baily Rd. (to the north)."
